

Dear Potential Vendor,

We are sending an invitation to be a vendor sponsor at the 2020 UPCRA Spring Conference. We invite you to this great opportunity to visit with approximately 80 professionals from over 40 cardiac and pulmonary rehabilitation programs from ND, SD, Western MN, and Eastern WY, all in just two days!

Our 2020 UPCRA Spring Conference will be in Sioux Falls, SD at the Hilton Garden Inn Sioux Falls South on April 2-3, 2020. The conference guarantees an interesting agenda and engaging topics and presenters. Presenters typically include a national level speaker and local speakers in the fields of cardiopulmonary rehabilitation. This year's conference agenda is provided separately.

UPCRA Conference members may include Registered Nurses, Exercise Physiologists, Respiratory Therapists, Exercise Specialists, Physicians, Dieticians, Physical Therapists, Occupational Therapists, and other professionals who perform Cardiac and Pulmonary Rehabilitation. The therapies we provide include: education on the diseases, risk factor modification, telemetry monitoring, exercise training, lifestyle management, and life coaching.

You can showcase your product to these professionals who have influence on purchasing decisions in their programs. Take advantage of this opportunity and have your display at the conference and network with these dynamic professionals. The attendees will be given a passport upon check in to the conference. The passport will be marked or stamped by each vendor and will be collected at the end of the conference for door prize drawing. Feel free to bring a prize and have a drawing of your own as well! The passport will allow each vendor to make contact with the attendees.

We will keep you updated with all details as we have them, but please don't hesitate to reach out if you have any questions.

Sincerely,

Kindal Malehorn
